

Acoustic Fabric Wall Panels

QDBOSS Acoustic Fabric Wall Panels use high quality fiberglass board with different flame retardant fabric. QDBOSS acoustic panel is environmental friendly, well decorative, easy installation, no dust pollution, widely used, sound absorption, etc.

China Low Price Acoustic Fabric Wall Panels Manufacturers

Our commission would be to serve our customers and clientele with very best excellent and aggressive portable digital products for Factory Supply China Acoustic Fabric Wall Panels, "Change for the greater!" is our slogan, which means "A greater entire world is before us, so let's love it!" Change for your greater! Are you all set? Factory Supply China Fabric Wall Panel, Impact Acoustic Wall Panel, The company has perfect management system and after-sales service system. We devote ourselves to building a pioneer in the filter industry. Our factory is willing to cooperate with different customers domestic and overseas to gain better and better future.

1.Introduction of Acoustic Fabric Wall Panels

QDBOSS Fabric wrapped acoustic panel uses high quality fiberglass board with different flame retardant fabric. QDBOSS acoustic panel is environmental friendly, well decorative, easy installation, no dust pollution, widely used, sound absorption, etc. The fiberglass board is much more eco-friendly than rockwool board, less pollution in production process. The Acoustic Fabric Wall Panels is designed to absorb harsh, distracting noises like echo and reverb to help the right sound through and resonate with audiences. Hardened edges for the acoustic panel can help increase durability in Cinema, Multi-purpose Rooms, KTV, Hotel, Music Rooms, Meeting room, Auditoriums and Theaters.
