

Recycled Polyester Fiber Panel

Recycled Polyester Fiber Panel is synthesized by high temperature and high pressure by needle punching processing, and the porosity is above 90%.

China Wholesale Recycled Polyester Fiber Panel Quotation

We retain bettering and perfecting our merchandise and service. At the same time, we do the job actively to do research and improvement for New Fashion Design for China Advanced Technologies and Recycled Polyester Fiber Panel, With our rules of "small business status, partner trust and mutual benefit", welcome all of you to definitely get the job done jointly, mature jointly. New Fashion Design for China Sound-Absorbing Acoustic Panels, Polyester Felt Panel, We confirm to public, cooperation, win-win situation as our principle, adhere to the philosophy of make a living by quality, keep developing by honesty, sincerely hope to build up a good relationship with more and more customers and friends, to achieve a win-win situation and common prosperity.

1.Introduction of Polyester fiber acoustic panel

Polyester fiber acoustic panel is synthesized by high temperature and high pressure by needle punching processing, and the porosity is above 90%. We also have patent technique for permanent fire retardant with our acoustic panels. There are more than 44 colors for you to select. You can also cut the acoustic board into any shape as your requirements.

Our Polyester fiber acoustic panel can be used in many public places like cinema, theaters, dance halls, auditorium, multi-purpose hall, gymnasium etc. Polyester Acoustic Panel is ideal to provide a practical and felt like design solution for any wall situation. It provides not only a colorful felt like finish but also has strong acoustic benefits as well.

Polyester Acoustic Panel is about one third the weight of MDF or plasterboard in equivalent sizes. It is a face finished product, pin-able, slim and is can be used as double sided or single sided panel,

giving it the desirable benefits of fitting into slim-line framing systems and requiring less bulk in coping with its light weight.

Due to it being a finished surface in itself, Echo Panel reduces costs in labor and materials in many applications, including workstations and wall panel.

2.Specification Of Polyester fiber acoustic panel

Product Name	Recycled polyester fiber panel
Material	100% Polyester Fiber
Density	200kg/m ³
Weight	1.8kg/m ³
Size	1220*2420mm
Thickness	3mm - 15mm or customized thickness
Flame retardant (CNS)	B1
FSI	Class A
NRC	0.85-0.95
ECO Grade	E1
Certificates	American CA117, British BS5852, Australian AS1530, CE
Colors	More than 44 colors available or customized colors

3.PRODUCT APPLICATION

4.Details Of Recycled polyester fiber panel

COLOR CARD 

40 Colors Available OR Customized Colors

These pictures hope to better help you understand Recycled polyester fiber panel.

5. Delivery and Shipping Service of Recycled polyester fiber panel

Packaging details:

9mm thickness pet acoustic panel 10pcs/carton

12mm thickness pet acoustic panel 8pcs/carton

Shipping methods:

By air or express: Fedex, UPS, DHL or Air parcel.

www.qdbossacoustic.com

By sea: From Qingdao seaport

By Train or by land

Payment methods:

T/T, Paypal, Western union, Moneygram, Cash

6.FAQ

Q: What's the material of PET acoustic panels ?

A: The material is 100% recycled polyester fiber, which is from plastic bottles.

Q: What is the NRC of Recycled polyester fiber panel ?

A: NRC can reach 0.85

Q: Can PET panels be flame retardant? Any certifications ?

A: Yes, we have national patent for flame retardant, all of our pet panels are permanent fire retardant, they've passed ASTM CLASS A and EN13501 CLASS B.

Q: Are you a manufacturer Of Polyester fiber acoustic panel ?

A: Yes, we are the largest acoustic materials manufacturer in China located in Qingdao, Shandong Province, Our factory's area is 40000 square meters.

Q: What is your lead time?

A: For stocked panels, it's around 3-5 days, for custom panels, it is 7-10 days.

Q: What is your MOQ?

A: No MOQ

Q: How do you get goods delivered ?

A: By sea, by air and by express

Q: Are you able to do OEM for Polyester fiber acoustic panel ?

A: Yes, One of our strength is OEM

7. Company

Qingdao Boss Flame Retardant Textile Materials Co., Ltd. founded in 2008, is largest professional polyester acoustic panel manufacturer in China. Our Recycled polyester fiber panel are eco-friendly, sound absorbing, flame resistant and thermal insulation. We have an outstanding engineer team and effective production line to maintain strict quality control system. Our company has won a great reputation in the global market with the best products and an excellent service. We are always awaiting to work with you.
