

Soundproof Polyester Fiber Acoustic Panels

Soundproof Polyester Fiber Acoustic Panels are synthesized by high temperature and high pressure by needle punching processing, and the porosity is above 90%. Soundproof Polyester Fiber Acoustic Panel is Sound absorption: polyester fiber board irregular mesh dense fine pores, has a very good porous sound absorption function, sound absorption spectrum is wide, in the 125-4000HZ noise range absorption coefficient peak reached 0.94.

Buy Discount Soundproof Polyester Fiber Acoustic Panels Quotation

Good quality comes to start with; service is foremost; organization is cooperation" is our enterprise philosophy which is regularly observed and pursued by our firm for Factory Selling China Soundproof Polyester Fiber Acoustic Panels, With a wide range, high quality, realistic price ranges and very good company, we are going to be your finest enterprise partner. We welcome new and previous buyers from all walks of lifetime to contact us for long run company associations and acquiring mutual good results! Factory Selling China Soundproofing Material, Acoustic Panel, Our products are very popular in the word, like South American, Africa, Asia and so on. Companies to "create first-class products" as the goal, and strive to deliver customers with high quality solutions, present high-quality after-sales service and technical support, and customer mutual benefit, create a better career and future!

1.Introduction of Soundproof Polyester Fiber Acoustic Panels

Soundproof Polyester Fiber Acoustic Panels is synthesized by high temperature and high pressure by needle punching processing, and the porosity is above 90%. We also have patent technique for permanent fire retardant with our acoustic panels. There are more than 44 colors for you to select. You can also cut the acoustic board into any shape as your requirements.

Our Soundproof Polyester Fiber Acoustic Panels can be used in many public places like cinema, theaters, dance halls, auditorium, multi-purpose hall, gymnasium etc. The sound absorption property of Polyester fiber acoustic panel is good in the range of middle and high frequency. It has the advantages of heat insulation, fire retardant, dust prevention, light weight and no decay, also has

better sound absorption effect, high strength, good decoration, easy installation, environmental friendly.

2.Specification Of Polyester fiber acoustic panel

Product Name	Soundproof Polyester Fiber Acoustic Panels
Material	100% Polyester Fiber
Density	200kg/m ³
Weight	1.8kg/m ³
Size	1220*2420mm
Thickness	3mm - 15mm or customized thickness
Flame retardant (CNS)	B1
FSI	Class A
NRC	0.85-0.95
ECO Grade	E1
Certificates	American CA117, British BS5852, Australian AS1530, CE
Colors	More than 44 colors available or customized colors

3.PRODUCT APPLICATION

(1). Sound-adsorbing wall panel and suspended ceiling

www.qdbossacoustic.com

(2). Interior wall decorative panel

(3). Soundproof Polyester Fiber Acoustic Panels are Insulation materials

Training room

Studio Room

School

Home Theatre

Restaurant & Hotel

Cinema

Conference Room

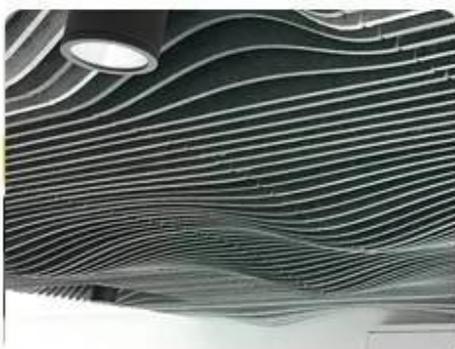

KTV

Pinano Room

Office

Ceiling

Isolation

4.Details Of Soundproof Polyester Fiber Acoustic Panels

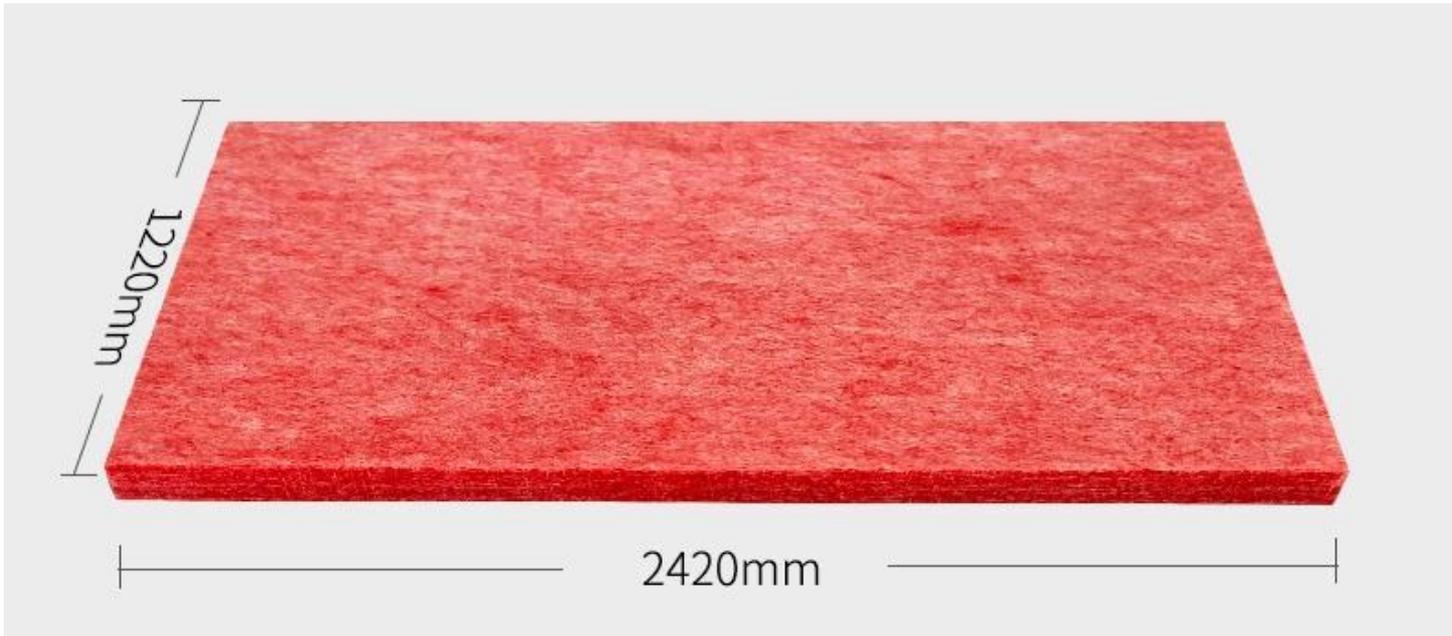

COLOR CARD

40 Colors Available OR Customized Colors

These pictures hope to better help you understand Soundproof Polyester Fiber Acoustic Panels.

5. Delivery and Shipping Service of Soundproof Polyester Fiber Acoustic Panels

Packaging details:

9mm thickness pet acoustic panel 10pcs/carton

12mm thickness pet acoustic panel 8pcs/carton

Shipping methods:

By air or express: Fedex, UPS, DHL or Air parcel.

By sea: From Qingdao seaport

By Train or by land

Payment methods:

T/T, Paypal, Western union, Moneygram, Cash

6.FAQ

Q: What's the material of PET acoustic panels ?

A: The material is 100% recycled polyester fiber, which is from plastic bottles.

Q: What is the NRC of Soundproof Polyester Fiber Acoustic Panels ?

A: NRC can reach 0.85

Q: Can PET panels be flame retardant? Any certifications ?

A: Yes, we have national patent for flame retardant, all of our pet panels are permanent fire retardant, they've passed ASTM CLASS A and EN13501 CLASS B.

Q: Are you a manufacturer Of Polyester fiber acoustic panel ?

A: Yes, we are the largest acoustic materials manufacturer in China located in Qingdao, Shandong Province, Our factory's area is 40000 square meters.

Q: What is your lead time?

A: For stocked panels, it's around 3-5 days, for custom panels, it is 7-10 days.

Q: What is your MOQ?

A: No MOQ

Q: How do you get goods delivered ?

A: By sea, by air and by express

Q: Are you able to do OEM for Polyester fiber acoustic panel ?

A: Yes, One of our strength is OEM

7.Company

Qingdao Boss Flame Retardant Textile Materials Co., Ltd. founded in 2008, is largest professional polyester acoustic panel manufacturer in China. Our Soundproof Polyester Fiber Acoustic Panels are eco-friendly, sound absorbing, flame resistant and thermal insulation. We have a great engineer team and effective production line to maintain strict quality control system. Qdboss has won a great reputation in the global market with the best products and an excellent service. We are always awaiting to work with you.

CERTIFICATION

All of our products have test report. We guarantee the quality of our products.
